Marquart IT Solutions

WHO WE ARE

Marquart IT Solutions LLC is a Service-Disabled Veteran-Owned Small Business (SDVOSB) headquartered in Honolulu, HI, with nationwide support capability. We specialize in embedded IT support for federal programs -- delivering managed help desk, infrastructure sustainment, cybersecurity compliance, and cloud operations as a trusted subcontractor to prime contractors across DoD and civilian agency programs.

CORE CAPABILITIES

- **Managed Help Desk (Tier 1-3):** SLA-driven end-user support, incident management, request fulfillment, escalation handling, and knowledge base maintenance.
- **End-User & Desktop Support:** Enterprise workstation support, account provisioning, peripheral support, and remote/on-site user assistance.
- **Infrastructure & Systems Ops:** Administration and sustainment of Windows/Linux systems, virtualization platforms, and enterprise network environments.
- **Cybersecurity & Compliance:** Operational support aligned to RMF and NIST 800-53 including monitoring, vulnerability remediation, and STIG compliance.
- **Cloud & Platform Operations:** Operational support for AWS, Microsoft 365, and hybrid cloud environments including automation and configuration management.

PLATFORMS, TECHNOLOGIES & TOOLS

- Windows Server | Linux | Microsoft 365 | VMware
- AWS | Oracle Cloud Infrastructure | Terraform
- Docker | GitHub Actions | Ansible | Python
- STIG Compliance | SIEM | TCP/IP | VPNs | Firewalls
- ITSM / Ticketing Platforms

- **Operating Area:** Nationwide

OPERATIONAL FUNCTIONS SUPPORTED

- Tier 1 & 2 Help Desk Operations
- IT Operations & Sustainment
- Infrastructure & Platform Support
- Cloud & DevOps Operations Support
- Cybersecurity Operations (SOC-aligned support)

OUR DIFFERENTIATORS

- **Delivery-Focused Small Business:** We take ownership of defined IT service functions, reducing operational risk for prime contractors.
- **Mission-Aligned Leadership:** Veteran-owned and led with hands-on experience supporting mission-critical IT environments.
- **Operationally Agile:** Lean structure enables rapid stand-up of managed services while maintaining SLA accountability.
- **Compliance-Aware Operations:** Experienced supporting regulated federal and DoD IT environments with established onboarding and security processes.
- **Hawaii & Indo-Pacific Presence:** HQ in Honolulu with proximity to JBPHH, INDOPACOM, PACAF, and USMC Kaneohe -- a key differentiator for Pacific-focused programs.

PAST PERFORMANCE

Marquart IT Solutions LLC is an emerging SDVOSB actively building its federal subcontracting portfolio. We are currently pursuing subcontracting opportunities with prime partners on VETS 2, Polaris, and related vehicles. Key personnel resumes and professional references available upon request.

WHY SUBCONTRACT WITH MITS?

- SDVOSB set-aside credit for DoD & VA programs
- Accountable, SLA-driven service delivery
- Rapid onboarding -- lean and compliant structure
- Hawaii presence for Indo-Pacific task orders
